Las circunstancias que acontecen en el momento actual nos hacen plantearnos un modelo de vida armónico con nuestro medio, intentar conservar y mejorar la naturaleza de la que dependemos y cuidar los recursos que de ella extraemos y disfrutamos. Todo hace que estando comprometidos aportemos nuestro propio "granito de arena" en el proyecto global que tenemos por delante, pensando en un futuro de vida prometedor. **MANTRA**, también desde sus orígenes lo hizo planteando una trayectoria en el tiempo sostenible y equilibrada, siempre buscando el máximo confort lumínico, la calidad y el diseño en pos de hacer más agradable, confortable y fácil sus proyectos y productos a todas las familias que en ella confiaron. También desde hace unas temporadas irrumpió con su innovadora propuesta en el segmento de la ventilación en el hogar, proponiendo diseños eficaces y eficientes con los consumos y el medio ambiente, aportando su "toque personal", combinando así la ventilación, el confort y la iluminación de manera original y particular para todos los hogares.

The circumstances occurring at the present time make us consider a model of life in harmony with our environment, trying to conserve and improve the Nature on which we depend and to take care of the resources we extract and enjoy from it. All of this makes us committed to contributing our own "grain of sand" to the global project that lies ahead of us, thinking of a promising future. **MANTRA**, also from its origins, did so by proposing a sustainable and balanced trajectory over time, always seeking maximum lighting comfort, quality and design in order to make its projects and products more pleasant, comfortable and easy for all the families who have placed their trust in it. For some seasons now, it has also been breaking into the domestic ceiling fan segment with its innovative proposal, proposing effective and efficient designs in terms of consumption and the environment, providing its "personal style", combining ventilation, comfort and lighting in an original and particular way for all homes. and particular for every home.
